The number of shares outstanding of our Common Stock was:

8,530,622 as of June 30, 2023

8,530,622 as of December 31, 2022, as adjusted for reverse stock split effective May 4 ,2023

Shell Status

Indicate by check mark whether the company is a shell company (as defined in Rule 405 of the Securities Act of 1933, Rule 12b-2 of the Exchange Act of 1934 and Rule 15c2-11 of the Exchange Act of 1934): Yes: No:

Indicate by check mark whether the company’s shell status has changed since the previous reporting period: Yes: No:

Change in Control

Indicate by check mark whether a Change in Control of the company has occurred over this reporting period: Yes: No:

1) Name and address(es) of the issuer and its predecessors (if any)

The Company was incorporated as Xuan Wu International Group Holding Company in Nevada on December 29, 2008. We changed our name to Standard Vape Corporation on October 15, 2019. We changed our name to Fast Finance Pay Corp. on October 29, 2021.

The Company is incorporated in Nevada. Our current status is active.

The Company and its predecessors have not had any trading suspension orders issued by the SEC since inception:

The Company has not had any stock split, stock dividend, recapitalization, merger, acquisition, spin-off, or reorganization either currently anticipated or that occurred within the past 12 months, except:

On November 8, 2022, we announced a related party transaction to acquire OK.de, an email and encrypted instant messaging service, from its majority parent organization, Frankfurt Stock Exchange-traded Fast Finance 24 Holding AG., through the issuance of 3,940,206 Series E Preferred shares.

On May 4, 2023, FINRA announced a reverse stock split of 1 new share for each 25 existing issued and outstanding shares.

The address of our principal executive office and principal place of business is Uhlandstrasse 165/166, Berlin 10719, Federal Republic of Germany

Neither the Company nor any of our predecessors have been in bankruptcy, receivership, or any similar proceeding in the past five years.

Total number of shareholders of record:	None	at June 30, 2023

Security Description:

1. For common equity, describe any dividend, voting and preemption rights.

Each share of Common Stock is entitled to one vote, does not have pre-emptive rights, has a right to receive dividends when, as and if declared by the Board of Directors and has a right to receive in liquidation all of the assets remaining after payment of creditors and preferential payment to outstanding shares of preferred stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Each share of Class D Convertible Preferred Stock is multiplied by 12,418 to determine: its right to vote with common stock as a single class; does not have preemptive rights; a right to receive dividends when, as and if declared on common stock by the Board of Directors; right to convert at any time into shares of common stock; and, a right to receive \$1.00 in liquidation all of the assets remaining after payment of creditors and before any payments to holders of common stock.

Each share of Class E Convertible Preferred Stock is multiplied by 25 to determine: its right to vote with common stock as a single class; does not have preemptive rights; a right to receive dividends when, as and if declared on common stock by the Board of Directors; right to convert at any time into shares of common stock; and, a right to receive \$1.00 in liquidation all of the assets remaining after payment of creditors and before any payments to holders of common stock.

3. Describe any other material rights of common or preferred stockholders.

Each share of Class D Convertible Preferred Stock is protected against any change applicable to common stock with respect to dividends, reverse splits but not forward splits, combinations or reclassifications that would seek to reduce treatment of Class D preferences below the 12,418 to 1 conversion ratio to dividends, conversion shares or liquidation rights of \$1.00 per share.

Each share of Class E Convertible Preferred Stock is protected against any change applicable to common stock with respect to dividends, reverse splits but not forward splits, combinations or reclassifications that would seek to reduce treatment of Class E preferences below the 25 to 1 conversion ratio to dividends, conversion shares or liquidation rights of \$1.00 per share.

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None

3) Issuance History

A. Changes to the Number of Outstanding Shares

Shares Outstanding as of Second Most Recent Fiscal Year End: December 31, 2020 Opening Balances: Common – 18,526,979 shares Series A Preferred Stock – 92,625 shares Series B Preferred Stock – 25,000 shares

Forward-Looking Statements

The information contained herein includes certain “forward-looking” statements within the meaning of Section 27A of the United States Securities Act of 1933, as amended, and Section 21E of the United States Securities Exchange Act of 1934, as amended. You can identify these and other forward-looking statements by the use of words such as “anticipates,” “expects,” “intends,” “plans,” “predicts,” “believes,” “seeks,” “estimates,” “may,” “might,” “will,” “should,” “would,” “could,” “potential,” “future,” “continue,” “ongoing,” “forecast,” “project,” “target” or similar expressions, and variations or negatives of these words. You should not place undue reliance on these forward-looking statements, which apply only as of the date of this report. These forward- looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or our predictions. Although we believe the expectations reflected in these forward- looking statements are reasonable, such expectations cannot guarantee future results, levels of activity, performance or achievements. Forward-looking statements included in this report and all subsequent written or oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by these cautionary statements. The forward-looking statements speak only as of the date made, other than as required by law, and we undertake no obligation to publicly update or revise any forward- looking statements, whether because of new information, future events or otherwise.

A. Summary of our business operations

Our operations are coordinated from our premises at Uhlandstrasse 165/166, Berlin 10719, Federal Republic of Germany (please see also 6) below). We have an employee complement of five, including the Director and Officers named and described in these statements under 7) below.

B. Our subsidiaries, parent company, or affiliated companies

These are our 100 % daughter companies FF24 Ventures GmbH (“ff24pay.com”) and FF24 Merchant Services GmbH (“ff24payments.com”) and OK.de Services Inc. and OK.de Services GmbH (“OK.de”)

C. Our principal products or services

FF24 Merchant Services GmbH and FF24 Ventures GmbH (the ‘FinTech companies”). ff24payments.com is a modern, scalable real-time payment platform that grows with every company and offers innovative solutions, whether for one-off purchases or recurring bookings, and is aimed at large and small online retailers and operators of the growing number of websites that derive their income from the “freemium” models. MasterCard, VISA, SEPA, SOFORT (Sofortüberweisung) and PayPal are currently supported. For 2023, only marketing and integration with German online shops was initially planned. A start in other European countries is planned for Q4 / 2023. Expansion into the USA and Asia is not presently planned.

If your company does business with international customers or you are looking to expand into new markets, ff24.Payments can help you provide real-time processing and settlement services for payments in the main currencies

ff24.Payments offers a flexible payment platform to help you with your online venture. Process all popular payment methods with just one partner instead of installing a multitude of "payment plugins".

ff24.Payments secure processing - 24/7

Grow and expand globally and increase your sales conversions in other countries by offering your customers their preferred local payment options.

Accept the most widely used card types from customers around the world.

ff24pay.com offers banking and instant transfer solutions for a wide range of the world's major currencies. The initial target group are private individuals and SMEs who use either Euros (EUR) or other European currencies as their base currency. Ff24pay.com will offer European customers the following services, IBAN accounts, debit cards, processing of multiple currencies, SEPA and SWIFT transfers, as well as recurring payments. Easily accessible apps for Android and iPhone will be ready to download from the app stores in the target

regions of ff24pay.com; desktop and laptop versions of the apps are also downloadable. The goal by the end of 2023 is 10,000 customers in Europe and the successful establishment of ff24pay.com as a modern and secure banking solution. A version of the ff24pay.com consumer offering tailored for the US market may be introduced at a future date. Easily accessible apps for Android and iPhone can currently be downloaded from the app stores in the current target regions of ff24pay.com; desktop and laptop versions of the apps, which might better suit the needs of SME business users, will also be downloadable.

OK.de Services GmbH, formerly named OK.de, the target contains the OK.de mobile 'free-mailer' e-mail and end-to-end secure, encrypted, instant messaging service which attracted the FF24 Holding investment team in Berlin. Ok.de is a free email provider with news, comparison portal and numerous other free services. With this service we are building an active user interface that is used to connect people all over the world on one platform.

With OK.secure we will release a completely free and absolutely secure Messenger-Service on the market: private and secure messaging with a military level of encryption. Via end-to-end-encryption based on the blockchain-technology OK.secure provides secure communication with chat, video calls, and cloud storage.

Ok.de currently has approximately 2.3 million users of its e-mail service, which to date predominantly addresses only the domestic German consumer market, as does the OK.de IM app., which benefits from access to military-grade encryption software described by attorney and IP law specialist, Armin Dartsch, the Director at FFPP who is non-executive Chairman of the quoted German 'umbrella' company, Fast Finance 24 Holding AG, as 'exceptionally robust.' The IM app, which is not dissimilar in performance and confidentiality to the popular Signal IM app, has particular attractions to a group such as FFPP, where Fast Finance 24 Holding AG is concentrating its interests in the burgeoning FinTech segment.

OK.de/FFPP are working with their software development partner to develop functionalities not yet considered 'standard fare' in the universe of IM apps, including a uniquely secure mobile crypto-currency wallet with facilities not only to switch between different leading crypto-coins, and between crypto- and major fiat currencies using the app but also to transfer crypto- currencies C2C between app users, securely by means of something as simple as an IM. We expect to launch the neu Crypto Version in Q3 – 2023.

Quarter Developments

During the second quarter of 2023, management has been working on several developments in the businesses of the Company's operating subsidiaries and at a corporate level, such as the above-described Railsr issues.

An important development was when OK.de contracted with a Gibraltar corporation, for the latter exclusively to sell to OK.de the software (source code) behind the end-to-end encryption for encrypted messaging (Chat, Group-Chat and Audio Calls), encrypted video calls, and secure multi-crypto-currency Wallet for non-custodial digital assets wallet (allowing storage of more than 6,000 different coins), transfer and receive cryptocurrencies in chat and to/from external wallets, and a variety of uses and other features. A payment schedule requires OK.de to pay the owners of a Gibraltar company 150,000 euros in total during 2023.

5) Issuer's Facilities

Our majority parent organization, Fast Finance 24 Holding AG, provides office space at no charge in its headquarters facility in Berlin, Federal Republic of Germany.

6) Officers, Directors, and Control Persons

ARMIN DARTSCH is our Secretary and Director. His Employment history is:

- a) Fast Finance24 Holding AG, Chairman of the Supervisory Board (November 2018 to Present). Mr. Dartsch assists management in all decisions (risk management, strategic development, investment matters, etc.) of fundamental importance for the company.
- b) Self-employed attorney (September 2006 to Present) After passing his second (German) State Examinations, he was admitted in 2006 to practice at the German bar. He worked as a staff attorney in a boutique law firm specializing in copyright and intellectual property ('IP') law, representing a number of renowned creatives. From 2007, Mr. Dartsch established and runs his own independent attorney's practice concentrating on the areas of national and international tax and company law as well as IP law. He advises companies (especially in the furniture-making sector) and individuals in Germany, elsewhere in the European Union, the USA and Hong Kong.

ANDREAS GARKE is our President & Director. His employment history is:

- a) Fast Finance24 Holding AG, Board Director & Chief Executive Officer (November 2018 to Present). Mr. Garke is responsible as CEO for the day-to-day management of FF24 Holding's operations and supervision of its investments. His expertise includes but is not confined to sales and marketing, strategy consulting, new market entry and business development.
- b) Intertek Caleb Brett Germany GmbH, Account Manager, (August 2016 to May 2018). Mr. Garke focused on business development, supply-chain optimization and exports.

SAYED MUHAMMAD IQBAL is our Chief Accountant/Treasurer. His employment history is:

- a) Fast Finance 24 Holding AG, Accounting Manager (June 2020 to Present). Conducting cash flow analysis and summarizing reports related to cash in-flow and cash out-flow. Responsible for proposing overall budget, delivering monthly revenue forecasts. Assisting managers to process Balance Sheet, Profit/Loss statements (IFRS & GAAP) and other financial statements as required. Analyzed Profit/Loss statements such as revenues, cost of sales, expenses, EBIT and operating margin to determine the company's financial position.
- b) MyStylo GbR, Junior Manager Business Development (December 2018 to May 2020). Created different Cost/Profit centers in company's accounting software. Allocation of company's bank transactions to the respective Cost/Profit centers. Responsible for bookkeeping for Accounting and Finance Dept. Planning and overseeing new marketing initiatives.

7) Legal/Disciplinary History

A. None of the persons or entities listed above have, in the past 10 years, been the subject of:

1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);
2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;
3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or
4. The entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

B. There are no material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the Company or any subsidiaries are a party or of which any of their property is the subject.

FAST FINANCE PAY CORP
Notes to Consolidated Financial Statements At and for the Six Months Ended June 30, 2023

NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION

The Company

The Corporation was formed on December 29, 2008 in the State of Nevada for the purpose of acquiring Xuan Wu International Group, Inc., a Chinese corporation engaged in quarry operations. The Corporation changed its name to Standard Vape Corporation on October 15, 2019 and to Fast Finance Pay Corp. on October 29, 2021. On December 31, 2017 the Corporation acquired The Standard Tobacco Company of Pennsylvania, Inc. (Standard), a Nevada corporation engaged in trademark licensing of trademarks acquired for formulations of tobacco that mimic the classic British brands which trademarks had been acquired by Standard. On the same date, the Corporation agreed to return all shares of Xuan Wu International Group, Inc. to its original shareholders. In April 2020, the Corporation formed Neo Virucide, Inc., a Wyoming corporation, as a wholly owned subsidiary, which entered into license and product development agreement with a related party, for NanoNOx™, a proprietary nanoparticle designed to deliver nitric oxide upon being inhaled. In February 2021, the Corporation terminated its involvement with NanoNOx™ due to a failure to fund and other issues. On March 15, 2021 the Company acquired two subsidiaries of FF24 Holding AG. The two subsidiaries are engaged in the FinTech space: FF24 Merchant Services GmbH ("ff24payments.com") and FF24 Ventures GmbH ("ff24pay.com"). Further information on the businesses being acquired by FFPP is given below. On November 8, 2022, the Company acquired a German secure email service with 2.3 million users called OK.de Services GmbH (formerly named OK.de).

On May 4, 2023, FINRA announced a reverse stock split of 1 new share for each 25 existing issued and outstanding shares.

Basis of Presentation

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in The United States of America and the rules and regulations of the Securities and Exchange Commission ("SEC").

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of condensed consolidated financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. On an ongoing basis, we

evaluate our estimates, including those related to provisions for transaction and credit losses, loss contingencies, income taxes, revenue recognition, and the valuation of goodwill and intangible assets. We base our estimates on historical experience and various other assumptions which we believe to be reasonable under the circumstances.

Cash

Cash consists principally of currency on hand, and demand deposits at commercial banks. The Company had cash of \$230,629 on June 30, 2023, and \$45,064 on December 31, 2022.

Revenue Recognition

Revenue is recognized in accordance with SEC Staff Accounting Bulletin No. 104, "Revenue Recognition in Financial Statements". The Company recognizes revenue when the significant risks and rewards of ownership have been transferred to the customer pursuant to applicable laws and a regulation, including factors such as when there is evidence of a sale arrangement, delivery has occurred, or service has been rendered, the price to the buyer is fixed or determinable, and collectability is reasonably assured.

Net Income or (Loss) Per Share of Common Stock

Basic and diluted loss per common share is based upon the weighted average number of common shares outstanding during the period computed under the provisions of Accounting Standards Codification subtopic 260-10, Earnings per Share ("ASC 260-10"). Diluted income (loss) per share includes the dilutive effects of common stock equivalents on an "as if converted" basis.

Goodwill

Goodwill is the purchase consideration of an acquired business in excess of the aggregate fair value of the identified net assets acquired. The Company allocates goodwill to the reporting unit(s) (generally defined as an operating segment or one level below an operating segment for which financial information is available and reviewed regularly by management) that are expected to benefit from the synergies of the business combination.

The goodwill of each reporting unit is reviewed for impairment annually or whenever events or circumstances indicate that it is more likely than not that the estimated fair value of a reporting unit is below its carrying value. Our annual impairment testing is completed in the fourth quarter. Impairment exists whenever the carrying value of goodwill exceeds its estimated fair value. Adverse changes in impairment indicators such as lower than forecast financial performance, increased competition, increased regulatory oversight, or unplanned changes in operations could result in impairment.

Intangible assets with a defined life are amortized over their useful lives in a manner that best reflects their economic benefit, which may include straight-line or accelerated methods of amortization. Intangible assets are reviewed for impairment quarterly and whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable and its carrying amount exceeds its fair value. The Company does not have indefinite-lived intangible assets other than goodwill.

Intangible Assets

Intangible assets are stated at the lesser of cost or fair value less accumulated amortization.

Fixed Assets

Property, plant and equipment and rental equipment are stated at cost and depreciated principally using the straight-line method over their estimated useful lives, which are 50 years for buildings, 10 to 20 years for building improvements, up to 3 years for internal use software development costs, 3 to 12 years for machinery and equipment and 4 to 6 years for rental equipment. Major improvements that add to the productive capacity or extend the life of an asset are capitalized while repairs and maintenance are charged to expense. Leasehold improvements are amortized over the shorter of their estimated useful life or the remaining lease term. Fully depreciated assets are retained in fixed assets and accumulated depreciation until they are removed from service. Depreciation expense was \$56,680 and \$0 for the periods ended June 30, 2023, and 2022, respectively.

Foreign Currency Translation

Assets and liabilities of the Company's German operations are translated from Euros (the functional currency) into U.S. dollars (the reporting currency) at period-end exchange rates; equity transactions are translated at historical rates; and income and expenses are translated at weighted average exchange rates for the period. Net foreign currency exchange gains or losses resulting from such translations are excluded from the results of operations but are included in other comprehensive income and accumulated in a separate component of stockholders' deficit.

Income Taxes

Income taxes represent amounts paid or estimated to be payable, net of amounts refunded or estimated to be refunded, for the current year and the change in deferred taxes, exclusive of amounts recorded in other comprehensive income. Deferred income tax assets and liabilities are determined based on temporary differences between the financial reporting and tax bases of assets and liabilities and are recognized using enacted tax rates for the effect of such temporary differences. Deferred tax assets are reduced by a valuation allowance if it is more likely than not that some portion or all of the deferred tax asset will not be realized.

In accounting for uncertainty in income taxes of a tax position taken or expected to be taken in a tax return, the Company utilizes a recognition threshold and measurement attribute for the financial statement recognition and measurement. The recognition threshold requires the Company to determine whether it is more likely than not that a tax position will be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position in order to record any financial statement benefit. If it is more likely than not that a tax position will be sustained, then the Company must measure the tax position to determine the amount of benefit to recognize in financial statements. The tax position is measured at the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement. The Company recognizes interest and penalties accrued related to unrecognized tax benefits in income tax expense.

Fair Value of Instruments

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and

minimize the use of unobservable inputs. A fair value hierarchy has been established based on three levels of inputs, of which the first two are considered observable and the last unobservable.

- Level 1 - Quoted prices in active markets for identical assets or liabilities. These are typically obtained from real-time quotes for transactions in active exchange markets involving identical assets or liabilities.
- Level 2 - Inputs, other than quoted prices included within Level 1, which are observable for the asset or liability, either directly or indirectly. These are typically obtained from readily-available pricing sources for comparable instruments.
- Level 3 - Unobservable inputs, where there is little or no market activity for the asset or liability. These inputs reflect the reporting entity's own assumptions of the data that market participants would use in pricing the asset or liability, based on the best information available in the circumstances.

Recently Issued Accounting Pronouncements

None that are applicable in fiscal 2023 to company operations.

NOTE 3 - GOING CONCERN

Under ASC 205-40, we have the responsibility to evaluate whether conditions and/or events raise substantial doubt about our ability to meet our future financial obligations as they become due within one year after the date that the financial statements are issued. As required by this standard, our evaluation shall initially not take into consideration the potential mitigating effects of our plans that have not been fully implemented as of the date the financial statements are issued.

In performing the first step of this assessment, we concluded that the following conditions raise substantial doubt about our ability to meet our financial obligations as they become due. We have a history of net losses for the period ended June 30, 2023; we had a cumulative net loss of \$716,403. For the period ended June 30, 2023, we had a negative working capital of \$3,656,952. We expect to continue to create limited working capital until such time as our operating segments generate sufficient cash to finance our operations and any debt service requirements.

In performing the second step of this assessment, we are required to evaluate whether our plans to mitigate the conditions above alleviate the substantial doubt about our ability to meet our obligations as they become due within one year after the date that the financial statements are issued. Our future plans include securing additional funding sources that may entail establishing corporate partnerships, establishing licensing revenue agreements, issuing additional convertible debentures or issuing public or private equity securities, including selling common stock through an at-the-market facility (ATM).

There is no assurance that sufficient funds required during the next year or thereafter will be generated from operations or that funds will be available through external sources. The lack of additional capital resulting from the inability to generate cash flow from operations or to raise capital from external sources would force the Company to substantially curtail or cease operations and would, therefore, have a material effect on the business. Furthermore, there can be no assurance that any such required funds, if available, will be available on attractive terms or they will not have a significant dilutive effect on the Company's existing shareholders.

The accompanying consolidated financial statements have been prepared on a going-concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The accompanying consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from uncertainty related to our ability to continue as a going concern.

NOTE 4 - PROVISION FOR INCOME TAXES

The Company files income tax returns in the United States federal jurisdiction and certain state jurisdictions. We did not provide any current or deferred U.S. Federal Income Tax provision or benefit for any of the periods presented because we have experienced operating losses since the date of our incorporation; we were, however, liable for \$1,609 and \$3,489 in *foreign taxes* for the periods ended June 30, 2023 and June 30, 2022, respectively. Accounting for the Uncertainty in Income Taxes, when it is more likely than not that a tax asset cannot be realized through future income, the Company must allow for this future tax benefit. We provided full valuation allowance on the net deferred asset, consisting of net operating loss carried forwards, because management has determined that it is more likely than not that we will not earn income sufficient to realize the deferred assets during the carry-forward period.

NOTE 5 – GOODWILL

As previously noted, the Company purchased a Germany company whose functional currency is Euros (the numbers provided below balance sheets was translated at prevailing rates on December 31, 2022). The excess between the fair value of the preferred shares issued (\$3,940,206) and the fair value of the company bought, \$3,867,459, was recorded to goodwill.

ASSETS:	
Cash	\$ 13,326
Miscellaneous receivables	127,658
Trade receivables	517,556
Total Current Assets	658,540
Capitalized software	3,198,225

NOTE 6 – SUBSEQUENT EVENTS

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to the date that the financial statements were issued.

10) Issuer Certification

Principal Executive Officer:

The issuer shall include certifications by the chief executive officer and chief financial officer of the issuer (or any other persons with different titles but having the same responsibilities) in each Quarterly Report or Annual Report.

The certifications shall follow the format below:

I, Andreas Garke certify that:

1. I have reviewed this Disclosure Statement for Fast Finance Pay Corp.;
2. Based on my knowledge, this disclosure statement does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this disclosure statement; and
3. Based on my knowledge, the financial statements, and other financial information included or incorporated by reference in this disclosure statement, fairly present in all material respects the financial condition, results of operations and cash flows of the issuer as of, and for, the periods presented in this disclosure statement.

July 14, 2023
